PRO PASTA

Why Goody Professional Pasta?

From 14th century early pasta trading in Mediterranean to 17th century first pasta factory in Naples.

Goody Professional pasta is part of this journey with 100% durum wheat pasta made in Treviso, Italy by orchestrating the professional chefs.

We use bronze die extrusion a traditional method of making pasta, using bronze dies in the pasta manufacturing, creates micro abrasions on the surface of the dough which results an exceptional kind of sauce absorbance and dressing.

Moreover, working with bronze dies implies using high quality of durum wheat and very long drying procedure. This helps maintaining the flavors and nutritional properties of the raw materials, keeping them available on your dishes, as they originally were at the beginning of the process.

LOBSTER SPAGHETTI

An inspiration for using our spaghetti with lobster YIELD 6-8 SERVINGS

INGREDIENTS

- 30g olive oil
- 80g minced shallots
- 5g chopped garlic clove.
- Half steamed lobster
- 100g Goody tomato sauce
- 50g Cooking cream
- 5g Goody fish stock powder
- 50g water
- 1g red pepper flakes
- 2g salt
- 120g cooked Goody professional spaghetti
- 5g Roughly chopped fresh basil & parsley for garnish

PREPARATION

- Add tablespoon of olive oil to the pan and heat.
- Add 1 minced shallot and 1 chopped garlic clove.
- Place the half of the steamed lobster cubes in the pan and stir.
- Deglaze with ½ cup Goody tomato sauce and ¼ cup cooking cream.
- You can add same Goody fish stock to lighten the density.
- Season the sauce with red pepper flaked and salt. If it is needed, you can adjust the acidity by adding pinch of sugar.
- Add 120 gr of previously boiled Goody professional spaghetti.
- Finish with roughly chopped fresh basil & parsley.

PRO TREVA PASTA

Why Treva Professional Pasta?

Treva professional pasta was developed to support positively the food cost while maintaining the quality standards.

In the culinary arts, mainly in high-volume restaurants, à la minute refers to a style of cooking where an item, or particularly its accompanying sauce, is prepared to order, rather than being prepped in advance and held for service.

When a sauce is prepared à l a minute (pronounced "ah-la-mi-NOOT*) it is often prepared in the same pan in which the item was cooked. Sauces prepared in this manner are, by definition, pan sauces, of which there are innumerable variations.

The advantage of preparing a sauce this way is that it's fresh and relatively simple.

PRO CVF

Why Goody Professional CVF?

Nicolas Appert of France invented the process of preserving food in cans in 1809 in response to a call by his government to maintain food for army and navy use.

But today, Goody's provides top-notch quality canned food to professional chefs with a wide range to suit all their needs, from golden corn and sliced mushrooms to pineapple and tomato sauce.

These products are carefully picked from the goodness of farms to leave you with high- quality food.

Goody professional helps you save while ensuring consistency of your dishes.

PRO SPREADS

Why Goody Professional Spreads?

The invention of peanut butter can be traced back to ancient Incas, who ground roast peanuts into a paste.

Over time the creation of peanut butter varied and enhanced, as for Goody's Thokoman peanut butter, which originates from south Africa and is made with premium quality to add that unique peanut flavor to food items such as salad dressing and Asian savory sauces.

Not to mention, its creamy, rich, and quickly base is a perfect match for desserts and pastries.

PRO TUNA

Why Goody Professional TUNA?

For centuries, the coastal peoples of Spain and Italy have caught this most majestic of tunas.

Goody professional's tuna is the wild skipjack tuna, caught between the south Asian seas to the south Pacific Ocean.

Skipjack is an oily, saltwater fish. It is one of the finest sources of essential fatty acids, protein, minerals and fat- soluble vitamins like vitamin A, E and D.

We provide a wide range of products by considering different business needs.

BACK OF HOUSE

Some historians seem to believe that a mayonnaise-like mixture of olive oil and egg was used by ancient Egyptians and romans, while the mayonnaise we know and love today was developed by one of the great chefs of France in the 1800s.

And now, Goody original mayonnaise is prepared following the classic recipe, made with the same Ingredients while offering chefs a safer product.

Its smooth texture helps to make a great companion to many items such as crudité vegetables, cold cuts, fried snacks, spread for burgers.

One stop shop coffee solution

Coffee is the fastest growing category amongst millennials. Now more than ever, consumers expect more from their coffee. Our aim is to provide an elevated wholistic coffee experience to our customers while matching the rising expectations.

Which is why we started with our qualified community of farmers who carefully handpick the highest quality coffee beans.

Cofique professional leverages the local insight and accordingly we consider the local culture and preferences, therefore we select the relevant coffee flavor profiles to create an authentic and traditional experience.

For some applications we have single origin 100% arabica beans and for others the highest quality premium bean.

These beans are then roasted to the best-in-class global coffee roasting standards for every application.
